

Regular radio stinks!!!! Don't you think for a minute if local radio is actually entertaining I would rather listen for FREE rather than pay a monthly fee?????? Radio used to be great back in the 60's when stations had real play lists- where you can hear, Mowtown, Pop, Rock - As Mellencamp put it "R-O-C-K IN THE USA" Now all the stations have gone the way of MTV- I do not want to hear John Boy & Billy in the Morning- They're morons- or Bill Blevins- I hate that guy He sucks- why he's been on the air for 30 years in Richmond is a mystery to me-NAB is just threatened by XM Radio knowing what REAL radio sounds like.- Grow up- and rise to the occassion - Make your product BETTER- DO NOT SHUT DOWN THE LITTLE GUY "XM" because they're so great you CAN'T complete. What are you afraid of you chickens??????????

XM radio must stay on the air!!! PLAIN & SIMPLE!
